

## ZINCOT N-70

### INORGANIC INSTANT COLD GALVANIZE

Packaging Unit    Aerosol 420ml/can, 20cans/Box

:

#### Features

---

ZINCOT N-70 forms a heatresistant, Zinc-rich and inorganic silicate coating to protect any metal surface from rust and corrosion. Withstands temperatures to 400°C and 500°C dry heat and water temperatures to boiling point. Touch dries within 30 minutes. Several thin coats prevent rust in the most severe conditions. Although not a paint, it makes a first-class primer and touch-up.

#### Uses

---

- Industrial maintenance equip
- Construction machinery and equip
- Car and truck bodies.
- Pipes and water tanks
- Radio and T.V
- Outdoor furniture
- Tools and weldments
- Farm machinery and iron fencing
- Heating/Air conditioning equip
